

Lubricating Aid for Commercial Vehicles, Trailers and Semitrailers

The Economical Solution for Simple Self-Assembly

- One central lube point provides grease to all, even the most inaccessible
- No decoupling of tractor and trailer to lubricate the fifth wheel
- No costly maintenance pit needed
- Expandable to fully automatic system at any time
- One universal system for almost all commercial vehicle types
- Compliant with bio-degradable grease

Lubricating aid with metering distributor – ECONOLUBE

A prefabricated kit for 4 to 10 lube points, ECONOLUBE can be put to **universal** use or to use in **combination** with other units – **regardless** of the type of vehicle.

Extremely easy to install and service!

With ECONOLUBE your fleet is lubricated in the twinkling of an eye – **simple, clean and fast!**

- Easy to install yourself due to prefabricated kit with quick connectors on the lube port!
- No lube point is overlooked!
- And none of your valuable shop pits are tied up!

And in such a way it functions!

The delivered quantity of lubricant is distributed evenly to every lube point via a metering distributor.

Practical example,
king pin:
usually 4
lube points

Flexible thanks to expandable modular design!

ECONOLUBE is a modular system that can be expanded with a compact unit at any later date to form a fully automatic centralized lubrication system!

Practical example,
fifth-wheel support plate:
usually 6
lube points

ECONOLUBE lubricating aid

Number of lube points	Kit Order No.
4	186-094.03
5	186-095.03
6	186-096.03
7	186-097.03
8	186-098.03
9	186-099.03
10	186-100.03
